On Monday, October 8th, the contractor expects to place the final pavement overlay on the Phase II/III section, from Hutchins Street to Abbottville Road. Work on the Phase IV section will include fine grading of the newly placed gravels and base paving on Thursday, October 11th. As with all paving operations, stay tuned to the on-site message boards for real time updates to the schedule. One lane traffic diversions will continue in both areas and the public is encouraged to seek alternate routes.

HUMAN SERVICES RECEIVES GENEROUS DONATION

The Human Services Department received a very generous donation of hygiene items from the **Concord Country Club Women's Golf Association**. Kathi Jordan of the Association arrived with her trunk totally filled with bags of soap, razors, shampoo, toothbrushes, toothpaste, powder and many other personal care items. We have been the fortunate recipient of this donation in prior years and we are, once again, extremely grateful. Many of the people the Department serves cannot afford to purchase these items and the EBT card for food stamps does not allow for the purchase of non-food items. Thanks to Kathi Jordan and the Concord Country Club Women's Golf Association, we will be able to help many of our community members who struggle to afford these most basic items.
